What is local love? You're doing it by reading The Mountain Pages, using local services, and spreading the word about the great experiences you've had in our mountain community!

Shops may cost a little more outside the city, and the food may not be as fast, but they always greet you with a smile and there's love in every gesture! Peaceful people supporting each other! Whether it's seeing a neighborhood pickin' session or donating time to the community garden, you are helping everyone around you strengthen and grow together! Let's make our mountains a shining example of community caring.

Local love for life!
